

Floor Scrubbing & Restoration

Grout & Tile Deep Scrubbing

Intensive mechanical cleaning of tiled floors and grout lines, removing embedded dirt, grime and stubborn build-up to restore a fresher appearance.

Steam Extraction Cleaning

Specialist steam-assisted cleaning and extraction to loosen and remove stubborn dirt and residue from suitable floor surfaces.

Hardwood & LVT Polishing

Careful cleaning and maintenance of hardwood and luxury vinyl tile (LVT) flooring using suitable products and techniques to enhance their appearance.

Mechanical Floor Scrubbing

Powerful machine scrubbing for commercial and residential hard floors, removing built-up dirt and grime from high-traffic areas.

Buffing, Polishing & Burnishing

Professional floor finishing techniques designed to improve shine, enhance appearance and maintain suitable hard floor surfaces.

Floor Stripping, Waxing & Sealing

Removal of old floor finishes, followed by the application of suitable protective coatings or sealants to refresh appearance and improve surface protection.
