

Domestic Appliance Deep Cleaning

Oven Cleaning

Thorough deep cleaning of single, double, large and range-style ovens, removing baked-on grease, carbon deposits and food residue from accessible internal and external surfaces.

Hob Cleaning

Professional cleaning of gas, electric, ceramic and induction hobs, removing grease, burnt-on food and stubborn stains.

Microwave Cleaning

Deep cleaning of microwave interiors and exteriors, removing food splashes, grease, residue and unwanted odours.

Extractor Fan Cleaning

Cleaning of domestic cooker hoods, accessible filters and extractor surfaces to remove accumulated grease, dust and grime.

Fridge Cleaning

Detailed cleaning and sanitising of fridge shelves, drawers, seals and internal surfaces, removing spills, stains and food residue.

Freezer Cleaning

Thorough cleaning of accessible freezer compartments, drawers and seals, removing residue and unwanted odours once safely emptied and defrosted.

Washing Machine Cleaning

Cleaning of the detergent drawer, door seals, drum and accessible components to help remove detergent residue, dirt and unpleasant odours.

Dishwasher Cleaning

Deep cleaning of dishwasher interiors, filters, seals and accessible components to remove grease, food debris and limescale build-up.

Tumble Dryer Cleaning

Cleaning of accessible lint filters, drum, door seals and exterior surfaces to remove dust, lint and everyday residue.
